No revisions of this Purchase Order or any of the terms and conditions hereof shall be valid unless in writing and signed by an authorized representative of Buyer’s Purchasing Department. No condition stated by Seller in accepting or acknowledging this Order shall be binding upon Buyer if it conflicts with, or is inconsistent with, or is in addition to the terms and conditions contained herein unless expressly accepted in writing by Buyer.

Unless otherwise provided, (1) the price as stated in this order shall include all charges and expenses with respect to containers, packing and crating, and for transportation to F.O.B. point, and (2) all containers, packing and crating material shall become property of Buyer. 5. Modifications – Seller will not accept a contractual change or modification issued by any person other than Buyer’s Purchasing Manager or his designated representative. Any modification of this order, to be valid, must be in writing and signed by Buyer’s authorized representative. Buyer will consider Seller’s requests for changes only if such requests are in writing and are directed to specific provisions of this order. The designated representative authorized to perform contractual functions under this Purchase Order is the person listed on the face of the order.

6. Changes – Buyer shall be free to alter, amend or revoke this order at any time before its acceptance by Seller. Buyer reserves the right to cancel this order or any portion thereof if not filled as specified. Buyer may at any time by written order to Seller make changes within the general scope of this order in any one or more of the following: (1) shipping and billing instructions; (2) quantity of supplies ordered; (3) drawings or specifications; (4) delivery schedules; and (5) place of delivery.

Seller shall proceed promptly to make such changes in accordance with the terms of Buyer’s written order. If any such change causes an increase or decrease in the cost of performance of this order, or in the time required for performance, an equitable adjustment shall be made in purchase order price or the delivery schedule or both and this order shall be amended in writing accordingly. Any claim by Seller for adjustment under this clause shall be asserted within fifteen (15) days after the date of the written order effecting the change. In the absence of such notifications, Buyer shall not be obligated to consider Seller’s claim for an equitable adjustment resulting from the change, and in no event shall Buyer be obligated to consider any claim for an increase in price after final payment to Seller hereunder. Where the cost of property made obsolete or excess as a result of a change is included in Seller’s claim for adjustment, Buyer shall have the right to prescribe the manner of disposition of such property. Nothing in this paragraph or order shall excuse Seller from proceeding with the order as changed by Buyer.

7. Payments – (a) Unless otherwise specified in the Purchase Order, the Seller shall be paid NET 45 days after Buyer’s receipt of proper invoices with the prices stipulated in the Purchase Order for items delivered and accepted or services rendered and accepted less deductions, if any, as herein provided. Unless otherwise specified, payment will be made on partial deliveries for items accepted by Buyer. (b) Payment of any amount in excess of the fixed price total amount stipulated in the Purchase Order shall not be made unless and until this Purchase Order has been formally amended to reflect the mutual consideration exchanged between the parties in support of such ‘excess’ amount. No goods returned as defective shall be replaced without an order.

8. Patents - Seller warrants that the sale or use of the articles, goods or materials covered by this order, will not infringe or contribute to the infringement of any patents or copyrights either in the U.S.A. or in Canada or in countries foreign thereto and that Seller covenants to defend every claim, suit, or action for any such alleged infringement which may be brought against Buyer or its customers or other privities and to pay all expense and fees of counsel which shall be incurred in and about defending, and all costs, damages, profits or other recoveries in every such suit.

9. Order of Precedence – Acceptance of the Order is expressly limited to the terms hereof. This Order constitutes the entire contract and no changes are binding on Buyer unless they are agreed upon in writing and signed by an authorized representative of the Buyer. Except as

Rev. 4 (8-19-10)
otherwise expressly provided, to the extent of any inconsistency the following provisions govern in descending order of precedence: (1) any special provisions of this Purchase Order including Subcontract Terms and Conditions, (2) the body of the Purchase Order, and (3) the Standard Purchase Order Terms and Conditions.

10. Assignment – Seller shall neither assign its performance under this Purchase Order or any part thereof, nor delegate any obligations hereunder without the prior written consent of Buyer. Any such attempted assignment or delegation without Buyer's prior written consent shall be void and of no force or effect, or at Buyer's option shall be cause for Buyer's termination of this Purchase Order.

11. Property of Buyer – Unless otherwise provided in this order or agreed to in writing, property of every description including all tools, equipment, and material furnished or made available to Seller, title to which is in Buyer's name, and any replacement thereof shall be and remain the property of Buyer. Property, other than consumable material, shall not be modified without the written consent of the Buyer. Such property shall be plainly marked or otherwise adequately identified by Seller as property of Buyer (by name) and shall be safely stored separately and apart from Seller's property. Seller shall not use such property except for performance or work hereunder or as authorized in writing by Buyer. Such property while in Seller's possession or control shall be kept in good condition, shall be held at Seller's risk, and shall be kept insured by Seller, at its expense, in an amount equal to the replacement costs with loss payable to Buyer. To the extent such property is not material consumed in the performance of this Order, it shall be subject to inspection and removal by Buyer and Buyer shall have the right of entry for such purposes without any additional liability whatsoever to Seller. When directed by the Buyer, Seller shall disclose the location of such property and/or prepare it for shipment and ship F.O.B. to Buyer in as good condition as originally received by Seller, reasonable wear and tear excepted. Seller hereby renounces and waives any right to any lien or other right of retention with respect to the property of Buyer covered by this paragraph.

12. Termination – Buyer may terminate work under this purchase order in whole, or from time to time in part, by giving Seller written notice specifying the extent to which Seller's performance is terminated, and the time at which such termination becomes effective.
   a) After receipt of such notice, and except as otherwise directed by Buyer, Seller shall stop performance under this order to the extent specified in the notice of termination.
   b) Within thirty (30) days after receipt of the notice of termination, Seller shall submit to Buyer its written termination claim. Seller's failure to submit its termination claim in accordance with the terms of this paragraph shall constitute an unconditional and absolute waiver by Seller of any claim arising as a result of, or in connection with, Buyer's notice of termination.
   c) Seller shall reasonably assess costs for raw materials, work in process and sub-assemblies as may be included within its termination claim to determine whether or not such items can be used by Seller for the manufacture of associated products or diverted for any other purpose, and to correspondingly reduce its termination claim by the value of such items. When settlement has been made, title to items determined not usable by Seller and charged to Buyer in the termination claim shall vest in Buyer upon payment of the claim, and shall be promptly delivered to Buyer F.O.B. destination.
   d) In no event shall Seller be entitled to consequential, incidental, or special damages, including, without limitations, anticipated or projected profits, costs or preparing claims, attorney's fees, costs of tooling or equipment, or sales or agents' commissions on the terminated quantity.
   e) Buyer reserves the right to verify claims hereunder, and Seller shall make available to Buyer, at Buyer's request, all relevant books, records, inventories and facilities for its inspection and audit. In the event Seller fails to reasonably afford Buyer its rights hereunder, then Seller shall be deemed to relinquish any claim asserted under the provisions of this clause.

13. Termination for Default - Buyer may, by written notice of default to the Seller, terminate the whole or any part of this Order in any one of the following circumstances: (1) If Seller fails to make delivery of the supplies within the time specified herein as 'Required Date' or any extension thereof; or (2) If Seller fails to perform any of the other provisions of the Order, or so fails to make progress as to endanger performance of the Order in accordance with its term, and in either of these two circumstances does not cure such failure within a period of 5 days (or such longer period as the Buyer may authorize in writing) after receipt of notice from Buyer specifying such failure; or (3) If a petition is filed by or against Seller under the bankruptcy laws of the United States, or Seller makes a general assignment for the benefit of its creditor or a receiver is appointed for any property of the Seller.

14. Warranty of Price - Seller warrants that the price for the supplies sold hereunder are no less favorable than those currently extended to any other customer including agencies of the U.S. Government, for the same or like supplies in substantially similar quantities, and under substantially the same terms and conditions. In the event Seller reduces its price for such supplies during the term of this Purchase Order, Seller shall reduce the price hereof correspondingly.

15. Insurance – Seller agrees to furnish acceptable certificates evidencing adequate workmen's compensation, public liability, and property damage insurance coverage when requested by Buyer. Seller shall defend, indemnify, and protect Buyer against all claims, liabilities, losses, and damages due to injury to or death of any person and damage to or loss of any property arising out of improper performance or negligent work under this order or arising out of allegedly defective material or workmanship in the goods or services provided by this Order or out of any act or omission of an employee or agent of Seller and its Subcontractors while on Buyer's property or in the course of their employment.

16. Use of Buyer name - (a) Seller shall not, without first obtaining the written consent of Buyer, in any manner publish the fact that Seller has furnished or contracted to furnish Buyer the article herein mentioned, or use the name of Buyer and/or its divisions or any of its subsidiaries in Seller's advertising or other publication. 17. Work on Buyer's or Buyer's Customer's Premises - If Seller's work under the Order involves operations by Seller on Buyer's or Buyer's Customer's premises; Seller shall take all necessary precautions as Buyer may prescribe to prevent the occurrence of any damage to persons or property during the progress of such work. Seller shall indemnify Buyer against all liability, damage or loss, which may result in any way
from any act or omission on the part of Seller, its agents, employees or subcontractors. Without limitation the Seller shall indemnify the Buyer for all damages to Buyer resulting from the Seller’s violation of or failure to comply with the Occupational Safety and Health Act of 1970, as amended or regulations or standards there under. Seller shall maintain such Public Liability, Property and Employer’s Liability and Compensation insurance as will protect Buyer from said risks and from any claims under any applicable Workman’s Compensation and Occupational Disease Act.

18. Force Majeure - In the event of an actual or potential delay or failure of performance because of acts of God or other causes beyond Seller’s control, including but not limited to labor disputes, Seller shall immediately give notice thereof to Buyer. In the event any of the foregoing, Buyer, in its sole and absolute discretion, may either (i) extend Seller’s time of performance, or (ii) terminate the uncompleted portion of the order at no cost to Buyer.
